

Celso de Lemos

PORTUGUESE EXCELLENCE

In the green heart of the Dão valley lays Ceiso de Lemos' guesthouse immersed in the landscape and surrounded by the rustling vineyards.  
His homeland harbors granitic treasures, pine-perfumed woods, and sweet-scented fruit trees. This cocoon of well-being is where everything comes together: the textiles, the wines and the gastronomy with its common pillar being the best quality.  
Here, we invite you to spend the day with us, to indulge the art of life.

The sign of the Lemos family, four crescent moons arranged in a circle, is the symbol of the group; the four directions in which this Portuguese family explores the world, the four mountains surrounding the city and the philosophy of life, also based on four words: humanity, simplicity, vision, and sharing.

Inspired by the surrounding nature...

Woven from the highest quality of cotton, Ceiso de Lemos produces home textiles of unparalleled quality that have come to embody luxury, comfort and creativity around the globe. We employ cotton with extra long, smooth fibers, making a more uniform, resistant and smoother thread when twisted.

The cotton used for our Ceiso de Lemos collection is Giza Egyptian Extra Long Staple (ELS).

The cotton yarn made from these exceptional fibers will show exceptional strength, quality and softness.

Celso de Lemos draws inspiration from nature's beauty. Wealthy colors as the fern forests and wildflowers. Astonishing Jacquards as a garden full of leafy patterns.
