SLOW DAYS SUMMER

SUMMER HOUSE LIFE – why is it so wonderful? Summer and long lazy days seem to go hand in hand, and something we all long for. Of course, we long for the sun, the sea, and a blue sky, but also the holidays and a not so fully booked calendar.

“With summer just around the corner, here are my tips for taking advantage of all the wonderful days,” says Kristina Lindhe, Creative Director:

- IGNORE THE TO-DO LIST

Let the boring wait until a rainy day or ignore it completely. Enjoy instead!

- GET OUTSIDE

Being out in nature is the best thing for my soul. And nothing beats a refreshing dip on a hot summer day.

- EAT WELL

Take advantage of everything wonderful that is available during the season – preferably a delicious salad or a refreshing watermelon lemonade.

Ready to dress your home up for a summery staycation.

With Lexington’s Summer ’21 collection, you’ll get a summer escape even if the sun is hiding or if you do not have a fantastic beach house. You can still get in on the easy summertime living with the right decorating decisions. Set up the table with our new, light blue washed denim tablecloth which is easy to combine with napkins in the same fabric or with blue/white striped ones. Effortlessly update your home with our many different pillows, all easy to combine with throws in cotton or fleece. Easily upgrade your kitchen with new kitchen towels and a light denim apron. These simple decisions will turn your home into the summer beach house of your dreams.

Beach towels and bathrobes are, of course, in the collection. And do not forget the family beach towel – big enough for the whole family.

The watercolor stripe is the signum of this collection. You will find it in our bedding, both in blue/white and beige/white, but also in various products, from the beach mat to a cooler bag. It’s very summery!

Discover all the easy summer decorating ideas that’ll bring vacation vibes to your home and lighten the look of it in the warm-weather months.

Happy Summer!

All the best,
KRISTINA LINDHE
Creative Director and Founder.
