feel collection

With the desire to create an atmosphere which can be sensed, I have designed a collection with focus on the materials we love and favour.

In the feel collection I have worked with techniques, structures and craftsmanship which have followed me during the past years. Journeys to small artisans around the world has become one of my favorite sources of inspiration, and I return to these places again and again.

The inspiration and work unfolds in a collection that is honest in its expression and challenges us to show our own style by using colors, shapes and materials in a personal way.

2018 is the year where we introduce an all year collection and catalogue.

This new approach is a development that we have been looking forward to, as it now allows us to show the durability of colors and materials.

In Fall 2018 we will add new styles and stories in a small exclusive edition.

I am pleased to present all year 2018, feel collection.

feel cotton

is weaved by 3 fine cotton threads on jacquard looms.

Jacquard is a traditional old technique that can create countless possibilities and patterns.

Our stripe design is incorporated into the looms and structure and wrinkly effect appears even more after wash.

linen

is a natural fiber produced from flax plants.

Our linen is limited production, grown in East part of India.

After weaving, the fabric is washed several times to soften the fibers and bring even more texture and life to the linen.

Linen is valued for its exceptional coolness and freshness.

CARE & INFO

How to take good care of our collection, and important information regarding specific items.

CARPETS

FRILL & FEEL

These carpets are hand-woven in 100% cotton.
We recommend you to place a nonslip carpet pad underneath.
To avoid slipping and miscoloring of your floor.
For indoor use.
// Dry clean only

JUTE

These carpets are hand-woven in 100% jute. Jute is a hardwearing material produced from vegetable fibers spun into strong threads.
We recommend you to place a nonslip carpet pad underneath.
To avoid slipping and miscoloring of your floor.
For indoor use.
Never shake the carpets as this can make the threads brake.
// Dry clean only

CERAMICS

All ceramics are food safe.

DELI / DINE

DELI and DINE ceramics are dishwasher- and microwave safe.
DELIOVEN and DELISQUARE ceramics are furthermore ovenproof.

HAND-PAINTED CERAMICS

Each piece is unique, and small color differences and characteristics appear.
// Dishwasher safe, but the surface will change when using dishwasher.

SERV

SERV ceramics are dishwasher safe.
// Dishwasher safe

GLASS

GLASSWARE

// All small kitchen glassware is dishwasher safe

GLLATTE / GLTEA

Also suitable for hot drinks. To prevent cracking, always wait one minute, or place a metal spoon in the glass before you pour boiled water into it.
// Dishwasher safe

GLCRYSTAL

These glass hurricanes are made of two separate glass pieces glued together.
The bowl is glass blasted while the foot is molded.
Varieties may therefore appear.
Never let the candle burn completely down.
// Hand wash in lukewarm water only

GLASS VASES

// Hand wash only

FLATWARE

All tinekhome stainless steel flatware is dishwasher safe and resists staining.
On occasion a thin film, water spots or light stains may appear due to your water's mineral content. Wipe flatware with a non-abrasive cloth to remove. Use rubbing alcohol or salad oil to remove stubborn spots.

Do not leave stainless flatware wet or immersed in water for a long period of time, as corrosion, pitting or staining can occur.
// Dishwasher safe

FURNITURE

FURNITURE IN BAMBOO - Outdoor use

For outdoor use, the surface may collect mold, but as bamboo is resistant, the mold is only superficial, as the mold will never penetrate inside the bamboo. Mold is very easy to remove from the surface by following below cleaning and washing instructions 1+2. Follow 3+4 for optimum results.

Make sure that your furniture is placed on a dry surface to avoid the legs from absorbing water, and store your bamboo furniture in a dry ventilated environment during the autumn and winter season.

We recommend you to wash outdoor bamboo furniture before every season. Repeat the washing a few times during the season, and do the washing on a sunny day to get the best results.

- 1) Use a hard cleaning sponge and/or scouring powder with abrasive effect to remove dirt, stains and possible mold.
- 2) Rinse well with plenty of water to remove all soap and dirt.
- 3) Spray with a cleaning product containing chlorine, ammonia or vinegar directly on the bamboo, leave it on for a while, rinse well with water and let it dry completely in the sun for optimum results.
- 4) For extra treatment in the end of the season – before winter storage – we recommend you to treat your bamboo with an anti-mildew and mold detergent. Contact your nearest DIY store for the best exterior wood treatment to avoid fungus and mold in a wet and humid winter climate.

FURNITURE w. removable covers

// ICA, JAZZ, JOPLIN and VELVET: Dry clean only

VASES, JARS & POTS

CEVASE / JAR / VASEMAROC / VIETJAR

Our vases and jars in ceramic and clay are handmade and also glazed by hand.

This means that they are not 100% waterproof, and we therefore recommend that the bottom is lined with a small bin or glass vase inside to prevent moist.

// Hand wash only

GLAZE

For large pots, always knock out the pre-shaped wholes in the bottom if you place them outdoor. Please note that we cannot guarantee that they will not crack at very low degrees below -5°.

These pots are handcrafted and may not be 100% waterproof. We recommend felt pads underneath as moisture can appear if pots stands with water for a long time.

If you don't find your care & info for a specific product please feel free to phone +45 45 66 01 02 or email us info@tinekhhome.dk
